

Do you have a passion for order and organization; do you like decorating for special occasions, or arranging flowers? Do you sew or have an interest in fine needlework? Those are some of the tasks of St. Luke's Altar Guild.

Think of the Altar Guild's work as preparing for a very special party.....a feast. We set the table, decorate the house, and bring the details together to create a beautiful time of worship.

Women and men are welcome to join our service teams. You do not need any special talents beyond a willingness to serve with dependability and the desire to give your best. Your team will be responsible for services once per month, beginning on Saturday and ending on the following Friday. You will receive "on the job" training from your team and through Altar Guild meetings.

To attend a meeting or join a service team for a "hands on" introduction to our work, call Karen Junell at 360 477-3157.
